

BRAND IDENTITY GUIDE

Introduction

The Triton® Boats Brand Identity Guide will show you—our associates, dealers and strategic partners—how to properly use our logos and trademarks.

It is necessary to strictly adhere to these guidelines to maintain and strengthen the Triton brand identity. Doing so will help provide Triton consumers confidence in our brand and a one-of-a-kind overall experience.

About Triton Boats

The Driving Force of Performance Fishing.

Since our founding more than 20 years ago, the focus of Triton® Boats has been to deliver the best-performing, highest-quality tournament-ready bass rigs on the market. In that time, we've earned accolades and a legion of dedicated enthusiasts who value the wide-open fishability, angler-centric features and searing performance for which Triton is known.

Always pushing ourselves to create better, safer and more capable machines for all anglers and boaters. With so many top-tier designs and a passion for handcrafting excellence, we are The Driving Force of Performance Fishing.

About White River Marine Group

Drawing its name from the magnificent river flowing through the Ozarks, White River Marine Group™ (WRMG) is the world's largest builder of fishing and recreational boats by volume. WRMG is also a member of Springfield, Missouri-based Bass Pro Group, a multifaceted organization that was also created by Johnny Morris and includes Bass Pro Shops®.

Like Bass Pro Shops, WRMG brands have a long history of game-changing innovations and quality products. Noteworthy milestones include producing the first ready-to-fish boat, motor and trailer package, creating the modern bass boat and helping to pioneer sportfishing boats that were more accessible to anglers and their families. Not to mention multiple CSI awards for Excellence in Customer Satisfaction from the National Marine Manufacturers Association.

From tournament bass angling to Great Lakes walleye runs, wakeboarding to entertaining family and friends, bays to bluewater, WRMG boats are designed and developed by boaters and anglers to ensure every model is ready for many years of on-the-water adventures.

Cooperative Advertising Program

Dealers should always remember that to qualify for advertising reimbursement through the Cooperative Advertising Program, they must adhere to a series of rules, including properly using logos and other brand assets.

Advertising must include the following:

- Official Triton® Boats logo as large as or larger than the dealer store logo
- High-quality photography of Triton boats
- Only current model year packages should be shown

Classified advertising will qualify only when an official Triton Boats logo is used. Please follow the rules listed on the subsequent pages for proper logo usage.

See the White River Marine Group Dealer Manual for full Cooperative Advertising Program details.

Preferred Usage

Above is the primary Triton® Boats logo. It is appropriate for use on all Triton communications.

The Triton logo is a solid typography-based logo mark with a bold, striking presence. The accented red stripes convey a sense of top performance and competitive edge. The overall logo has a right, forward slant that represents forward motion and action.

The preferred usage represents the truest graphic representation of the brand. Depending on the printing or reproduction method, the logo above should be used wherever possible. Some methods of reproduction and/or certain limitations of placement or design may require the use of a modified version of the logo. In some situations, for example, this logo may need to be placed on a dark background that would diminish legibility and recognition.

See page 8 for alternative logos to use in those instances.

Take note of the “®” on the logo. This legal mark must always appear on the logo.

Variations

While the logo shown on the previous page is the preferred Triton® logo, we recognize that there will be instances where a different logo is necessary or will work better. Here are the only other logos Triton has approved for use:

COLOR

This is the primary Triton logo. It is appropriate for use on all Triton communications.

Rules

Properly using the Triton logo is essential to establishing and preserving the brand identity.

The following rules must always be observed when using the logo in any form:

1. Place the logo in a position and at a size that provides visual prominence and immediate recognition.
2. Do not place other logos in such a way as to compete visually with the brand logo. Size, color saturation and general visual strength of competing logos should be subordinate.
3. No adjacent or background design elements should overpower or diminish the visual strength of the brand logo. Competing elements, such as color, texture and complex photographic images, should be avoided.

NEVER change the color

NEVER rearrange elements

NEVER rotate

NEVER remove elements

NEVER distort

NEVER crop

NEVER add a drop shadow

NEVER flip logo in any way

NEVER reduce smaller than recommended size (1" wide)

Sizing

To ensure the Triton® logo is easily readable and recognizable, do not make it any smaller than the following recommendations...

PRINT:
1" wide

ONLINE/DIGITAL:
100 pixels wide

Staging

As previously mentioned, properly placing the Triton logo is essential to establishing and preserving our brand identity.

Clear space surrounding the brand logo helps limit visual competition from other logos and distracting design elements.

When possible, allow a free space of neutral color or photographic image to surround the brand logo. This free space should be a distance on all four sides of the logo equal to one half the height of the logo, as shown in the diagram.

1/2 HEIGHT OF LOGO =
CLEAR SPACE SURROUNDING LOGO
ON ALL FOUR SIDES

Copy Expectations

Triton® has established general style guidelines for grammar and copy in our advertising, literature, websites and other company communications.

If you are writing on behalf of our company, we expect accurate grammar and spelling, which are essential in presenting our products and corporate image in a credible and professional manner.

Strive for consistency within each sentence and each document. If you are working headlines, for example, all headlines within the document should be consistent—either all complete sentences or all phrases. Capitalize and punctuate them consistently as well.

Trademark Usage

Every Triton® consultant, dealer and strategic partner plays an important role in protecting our trademarks and brand names. Proper and consistent use of these elements reinforces our company's claim as the rights holder (legal owner) of each trademark. Improper use can result in adverse consequences.

Registered trademarks (®) and common-law (™) trademarks must be capitalized completely. This rule should be followed very strictly.

In addition, trademarked names should never be pluralized or used in the possessive form. For example, "Tritons" and "Triton's boats" are never acceptable. The correct usage would be "Triton® fishing boats."

A single reference to the trademark is sufficient in either its first or most prominent use on each page/spread of the document. Thereafter, it is unnecessary to repeat the symbol.

See page 13 for a complete list of Triton trademarks.
